JUANITA'S LIFE OF FAITH

...healing to the nations

Born Victorious

By Pastor Chris

“For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith” (1 John 5:4).

There's a higher life in Christ – a spiritual life to which we've been called. As Christians, we're not ordinary. We were made to look like God, and to function like Him. We've been built with possibilities within our system. We're not in this world as victims; we were born victorious.

In the book of Genesis, when God made man, the Bible says God gave man dominion over all things (**Genesis 1:28**). He gave us a life that's superior, not only to the circumstances of life and the forces of nature, but also to spiritual beings of evil – Satan and his cohorts. Why then do some Christians still live as ordinary men, instead of living victoriously every day? The reason is their ignorance of the Word. **“They know not, neither will they understand; they walk on in darkness... I have said, Ye are gods; and all of you are children of the most High” (Psalm 82:5-6).**

The Word of God leaves us in no doubt as to the way we ought to live as Christians. We ought to live happy, joyous and triumphant lives always. Thanks be unto God. Jesus said, **“And ye shall know the truth, and the truth shall make you free” (John 8:32).** The truth is, now that you are born again, now that you are in Christ, you're a new creation (**2 Corinthians 5:17**). Whereas you were defeated and lived as a victim before you came to Christ, all that is history now. Today, with Christ alive in you, nothing can put you down; you're a victor for life!

You might want to ask, *“What if the circumstances of my life aren't such that should give room for rejoicing?”* Well, it doesn't matter what your experience in life has been; it doesn't matter how long you might have suffered or been in darkness; light has come to you now. Truth has been unveiled: the truth about what God has done for you, in you, and with you in Christ Jesus.

Rejoice! You were born victorious! Refuse to allow the circumstances of your life dictate your joy. When your faith is challenged, that's the time to rejoice. Learn to maintain a joyful spirit even in the midst of daunting and trying circumstances, for the joy of the Lord is your strength (**Nehemiah 8:10**).

The Bible says that with joy you shall draw water from the wells of salvation (**Isaiah 12:3**). Salvation is an all-encompassing word; it refers to soundness, preservation, divine health, success, prosperity and every blessing that the death, burial and resurrection of Jesus Christ made available for the Christian. But to enjoy the blessings of salvation, you must know what God has said concerning you.

Get to know who you are in Him. Study, meditate on, and keep proclaiming the Word, because the Word of God unveils our victorious life in Christ. You were born a victor. You were born to have dominion. You were born to live the superior life, and you were born to live triumphantly every day.

2016 Healing School Summer Session ... a time and place to be divinely impacted and blessed. Get ready!

I attended the Healing School session because I needed a miracle in my life. For more than 12 years, I suffered severe pain as a result of arthritis and collapsed vertebrae. It was very difficult for me to walk or climb stairs, and I had to use a walking stick for support. I received my miracle when Pastor Chris touched me, and to the glory of God, I can now walk perfectly. All the pain is gone, and I am thankful for the marvellous thing God has done in my life.

- Edith Refilwe

I was diagnosed with hypertension, diabetes, weakness, blurry vision and knee pain. For several years, I couldn't function normally or do the things I needed to do because of the pain that I felt regularly; sometimes, I also blacked out. After I attended the Healing School, I received my much-desired miracle! When Pastor Chris prayed for me, I felt a shaking in my body, and then I noticed the pain was gone! I could see clearly and I was strengthened! My life changed and I can do all the things I couldn't do before. I'm happier and stronger!

- Rose Simone

"I can do all things now. I live life in abundance, I have the Word of God in my spirit and what I am living now is a life of faith. Faith is my everyday lifestyle."

This was fifty-five-year-old Juanita Nel's testimony as she sat on stage at a healing service, having been healed of colon cancer, polyps in the colon and thyroid disease at a Healing School Session in 2013. All in attendance were eager to hear her story as she testified of the wonderful things God had done in her life.

It all started in 2003; Juanita sensed an odd feeling in her hands and realised that she couldn't move her fingers. She had also observed that she couldn't eat properly as she always felt nausea, and the food seemed to cause a lot of pain. She decided to go to the hospital to have it checked out, and after several tests she was informed that there were polyps in her colon.

Juanita spent the next few years trying to manage the condition, but nothing seemed to work; rather, the situation got worse with each passing year. Juanita said, *"By 2009, I was in a terrible state; I had several infections, coupled with nausea and a runny stomach. I had a lot of pain in my colon and it was very bad. So, I went back to the doctors. I was told that the polyps had developed into colon cancer, and that I had thyroid disease. I was also diagnosed with spina bifida – the L5 of my vertebrae was degenerating."*

Her health declined further, until Juanita found herself unable to eat or drink as she had trouble swallowing. She couldn't sleep because the pain kept her awake at night. She couldn't walk long distances, and she couldn't even breathe normally anymore. This condition forced her to stop working, and she became completely reliant on her husband as she was unable to do anything for herself.

As the pain in her back increased, Juanita went for another medical examination, and the doctor said to her, *"Listen, your situation is only going to get worse. The back ache is a red light, and more red lights will come up with time. It's inevitable in your condition. If we could help you in anyway, we would."*

The news hit Juanita hard, and she became depressed. *"I was devastated and emotionally drained; I cried my heart out every night. I was supposed to accept that it was only a matter of time until I died, that was very hard for me to take,"* she says. *"My father died of colon cancer, and I didn't want to end up the same way."*

"But I was fighting a losing battle. I couldn't undergo chemotherapy;

JUANITA'S LIFE OF FAITH

I knew that to do chemo, your body actually needs to be strong, because the procedure takes a lot from you. My immune system was very weak; my stomach was runny all the time, and I also couldn't control my bladder. How then could I go for that chemotherapy and hope to survive?

"The pain was so intense, I didn't know how I would face it if the pain became worse. It was so difficult for me in that situation. I felt as if my life had stopped; I felt that I couldn't live a normal life anymore," she remarked.

At this point, Juanita turned to God for a lasting solution, and it wasn't long before the Spirit of the Lord pointed her in the right direction. Juanita found out about the Healing School while watching television, *"I first saw Pastor Chris on TV, and I noticed that he wasn't talking about himself; I could see that the Holy Spirit was working through him and he preached Jesus. When I saw a miracle from the Healing School, tears came to my eyes and I said, 'Lord, if you could do it for her, then you can do it for me too'."* With faith sparked up in her heart, she registered for the Healing School session and immediately began to make arrangements to attend.

At the Healing School, every question she came with was answered, and she was ready to receive her miracle. During the healing service, Juanita looked on with great expectation as the man of God, Pastor Chris, approached her. *"It was wonderful when I met the man of God. The Spirit of the Lord started to move through me and I couldn't stop shaking. Pastor Chris breathed on me so softly and I fell to the ground. When I got up, I felt relieved. For the first time in many years, I knew that I was healed,"* she declared.

Three years later, a happy and radiant Juanita Nel returned to the Healing School to testify of the awesome transformation in her life: *"Now, I can do all things. I can eat and drink anything. I can lift my legs, I can fasten my shoes. I live my life to the full now, there's nothing holding me back and there's no pain. I can honestly and boldly tell the world that God is a healer because I have been healed; He healed me – body, soul and spirit."*

With a simple act of faith, God reversed Juanita's situation and restored her life. Truly, the just shall live by faith and nothing is impossible to him that believes.

My Partnership & Me

In May 2015, my husband and I visited the hospital after I had suffered several miscarriages without explanation. Several tests were carried out, and the doctor found out that I had hormonal imbalance and that my womb had been displaced. Hence, even if I conceived, the pregnancy would not stay. I was told it would be corrected surgically, but it would involve a lot of pain. I began to meditate on this pain and what I would have to go through.

Then, I decided to give a special seed towards the Healing School Session for my health, and that Sunday, I took the seed to church and my Pastor prayed for me.

I went back to see the doctor a few weeks later, so that we could start the procedure. However, while I was being examined in the theatre, my doctor expressed shock because the womb had gone back to its normal position. She scheduled another appointment for the following week, to check the positioning of the womb again, but the result was still the same; every anomaly had been fixed!

Not long after, I conceived again, and this time, there were no issues. When it was time to have the baby, several complications arose, but my faith overcame every challenge. I put my trust in God and I prevailed by His hand. I delivered a very beautiful baby boy who is perfect and doing excellently well. He is my proof that God makes all things beautiful in His time.

I bless the name of the Lord; I give God praise for his faithfulness and love. With just one seed, my body was restored to normal; I didn't have to go through any pain, and my joy is complete. I'm sound and I have the healthiest baby. My partnership seed worked for me, it did what no man could do for me.

5 Simple Ways to Care for Bleeding

Bleeding refers to blood loss, and can occur in almost any area of the body; injuries often result in bleeding. Although bleeding has interesting health benefits like improving blood flow and balancing iron levels in the blood, you need to understand how to treat common bleeding incidents, as well as when to seek medical help.

1. **Care for Bruises:** Bruising is said to occur when a person bleeds underneath the skin and this can follow blunt trauma with minor bleeding at the site of direct impact. Depending on the cause of the injury, a bruise may arise in minutes or may take hours to days to appear (as seen in cases of internal injuries). For a mild bruise, keeping the surface clean and dry is important, and will speed up the healing.
2. **Care for Grazes:** Minor grazes on the skin usually occur when a person slides and falls on a rough or dirty surface, thus resulting in a minor injury to the skin. This kind of wound is usually contaminated with dirt and needs to be washed with mild soap and under clean running water, or cleaned with a disinfectant wipe when first aid is being applied.
3. **Care for Cuts:** Minor cuts are commonplace and when they occur, treat simply by cleaning the surface of the wound with clean running water, get the surface dry by patting it with a clean bandage and apply a clean dry dressing such as a band aid or plaster dressing.
4. **Care for Deep Cuts:** First aid for deep cuts includes cleaning the surface of the wound and applying direct pressure over it by using an appropriate bandage or dressing pad. Pressure should be maintained for at least 10 minutes to stop the bleeding.
5. **Care for Nose Bleeding:** The sight of a nose bleed can be scary for some, but all you need to do is to encourage the casualty to lean forward, apply pressure to the blood vessels of the nose by pinching the nostrils for 10 minutes while encouraging the person to breathe through the mouth. Calling for emergency services may be required if the bleeding does not stop.

When to Seek Medical Help:

You should immediately see a doctor or get the attention of other medical professionals if:

- Internal injury or shock is suspected.
- Bleeding can't be controlled – particularly if it was caused by a severe injury and requires a tourniquet.
- The wound or injury requires stitches.
- Gravel or dirt can't be removed easily with gentle cleaning.
- Signs of infection develop – signs such as increased pain, redness, swelling, yellow or brown fluid, fever, or red streaks spreading from the site toward the heart.
- Injury was caused by an animal or human bite.
- The patient has not had a tetanus shot in the last 5 to 10 years.

Faith's Proclamations OF HEALING AND HEALTH

**“Watch the way you talk. Let nothing foul or dirty come out of your mouth.
Say only what helps, each word a gift” (Ephesians 4:29 MSG).**

It's sad when people aren't careful with their words. Imagine someone who keeps saying, *“I just don't know what's going on with my life; nothing seems to be working. Worst still, I have a problem controlling my mind, my thoughts, and my emotions.”* You shouldn't talk like that. If that has been your experience, it doesn't mean your experience should control you. Don't voice the negatives, no matter how dire the situation.

Your speech dictates the circumstances of your life. If you say you have no control, you'll lose control. If you say you've got problems, then you'll really have them. The life that we received in Christ is an excellent one; it's glorious and extraordinary; it's the transcendent life. Your speech should be consistent with that life.

The main reason many people have their lives upside down is because they don't talk right. You were born to win always! You're built for success; it's part of your make up. Talk that way!

Refuse to be defeated! Refuse to be weak! Get yourself together and declare that you are a success; born to reveal the glory of God. Declare that your life goes upward and forward only. Control the circumstances of your life with your tongue. Don't wait; start it now if you've not been doing it. Your mouth was given to you to chart your course in life. If your words are disorderly, your life will go in that direction; if your words are excellent, then your life will go accordingly as well.

The character of your words is the character of your personality. So, watch your words! No

man ever got better than his words; your life is the expression, the manifestation, and the reflection of your words. Words define your life and your value.

CONFESSIONS

The Word of God is in my heart and in my mouth. My words are wholesome and they're producing life and health to my body. I am fortified by the Word of God and strengthened with might by the Holy Ghost. I'm more than a conqueror, through the power of God's Spirit at work in me.

My body is the temple of the Holy Ghost, the tabernacle of the living God; therefore, my body is immune to disease and infection. I cannot be sick, because the greater One lives in me. Divinity is at work in me, and I am victorious in all things. Hallelujah!

I walk in dominion today because God has imparted divine health into my body. Thus, nothing can stop or prevent me from fully enjoying health in my physical body, which God has committed to my care.

The Holy Spirit dwells in me, so I'm adequately cared for, to the glory of God! I wax stronger by the day and manifest the glory of God, even in my body, everywhere I go. I thank my God, for giving me a life that is superior to sickness, infirmity and all the wiles of the devil.

Disease has no place in me for I'm born of God; I am a new creation, a partaker of God's glorious nature! Christ's nature makes me unsusceptible to defeat, failure or any form of ill health.

Thank You Dear Esteemed Partners
