# STICK *to the* WORD

It's your responsibility to put God's Word to work in your life *at all times* and *in every situation*. You can experience a remarkable change in your life if you'll put God's Word in your heart and say it with your mouth. Divine health is God's perfect will,...

"A man's belly shall be satisfied with the fruit of his mouth; and with the increase of his lips shall he be filled..." (Proverbs 18:20)

Some people live in the assumption that it's left to God to change their situations and cause things to work out fine in their lives. They go around saying, "God will do this or that for me; in due time, He'll show up in my situation." As nice as that sounds, that's not the will of God for us as Christians. God expects us to cause the necessary changes we require in our lives because He's given us the power to do it. The salvation work of Christ is complete; however, we're responsible for appropriating all that God has done for us in Christ Jesus in our lives today, and the power lies in our mouths.

The Bible says a man's belly shall be satisfied with the fruit of his mouth (Proverbs 18:20). In other words, your mouth will create for you all the good you desire to experience in your life.

For you to change anything in your life, you've got to re-echo God's Word; you've got to say what God has said in agreement with Him. This is called "homologia" in the Greek. This principle is revealed in the Book of Hebrews 13:5-6, "...for he hath said, I will never leave thee, nor forsake thee. So that we may boldly say..." You may have experienced contrary situations in the past, but it doesn't matter right now

because you've got the power in your mouth to change anything.

Not only should you speak God's Word to change the negative circumstances you may be experiencing, you ought to also speak words that are full of life; words that'll minister grace to you and those that hear you. Get into the Word of God today and find out what it says about you, and then begin to voice it out confidently and passionately. Let the Word dwell in you richly and as you speak it in faith, you'll watch your life flourish and move from one level of grace to another.

It's your responsibility to put God's Word to work in your life *at all times* and *in every situation*. You can experience a remarkable change in your life if you'll put God's Word in your heart and say it with your mouth. Divine health is God's perfect will, which He gave to you in Christ Jesus (3 John 2). Prove this Word in your life; lay hold on it and don't let it go. Refuse to be sick, or to be dominated by headaches, colds and fevers. Instead, choose to live in health and enjoy the good life. Even if sickness comes, be assured it can't stay in you, "... Because greater is he that is in you, than he that is in the world" (1 John 4:4).

God bless you.

Before

After

It was with great joy and a sense of peace that Joseph Akuboh testified of his daughter's miracle at the Healing School. Debbie, his three year old daughter, had suffered from severe, recurrent seizures right from her sixth month of life.

The severity of her condition required that she be hospitalized every time she had a seizure; but instead of a decrease, the frequency of her seizures increased. In painful remembrance, her father narrated her ordeal, "At the beginning, we visited the hospital twice a month. From the time she was six months old, she was on medication; my wife and I had been to several hospitals in search of a cure for our little girl but to no avail. We tried everything, and she was given treatments by both orthodox and traditional medical practitioners. She gradually deteriorated and the frequency of her seizures kept increasing. She couldn't attend school – because she would have such violent convulsions when she was at school, and we'd rush back to take her away."

This was however until she came to the Healing School! Her life's story changed when she was ministered to by the man of God, Pastor Chris. She got healed and every trace of the infirmity was dispelled by the power of God!

## Debbie Akuboh

Healed of severe and recurrent seizures

With joy Joseph testified of the change in his daughter's life, and indeed, his family; "Prior to our attendance at the Healing School, Debbie had been on medication everyday for two years and six months; also, she couldn't talk like children her age. But from the 18<sup>th</sup> of July, 2011 – the day we attended the healing service and Pastor Chris ministered to her – she stopped taking medications and hasn't had any need for them! She is now hale and hearty, perfectly healed, has started school and is developing excellently. She hasn't had any seizures at all; she can now talk and her speech is better everyday! I can't thank God enough for what He has done in our lives!"

Fifty year old Sylvia Du Toit's sad story began when she slipped and fell while cleaning at home, and sustained an injury on her left knee. Within a few months, what seemed like a minor accident developed into post-traumatic osteoarthritis of the left knee; a condition that plagued her for eight long years.

She had several operations on that knee without much improvement. Walking became extremely difficult for her, and she ended up using a crutch to aid her mobility. Needing the power of God to heal her leg, Sylvia came to the Healing School and she got healed!

"I was so excited that day," she said in joyful recollection. "I remember that as he approached me, I suddenly began trembling. When he ministered to me, I felt fresh air rush through my lungs; it was like cool breeze."

Sylvia took her first steps without the crutch and from that time forward, she's been walking without difficulty! "From that day on, I stopped using the crutch! I also do my household chores and everything I couldn't do before! Now, I even do them better and I walk like a 16 year old!"

Today, Sylvia is a picture of bubbly health and her family is full of praise and thanksgiving to God for her extraordinary miracle and restoration!

There's a miracle for you and your loved ones at the ongoing 2012 Autumn Session of the Healing School in Johannesburg, South Africa. For more information, visit our website at [www.enterthehealingschool.org](http://www.enterthehealingschool.org)

# CHILD SAFETY AWARENESS CAMPAIGN

A REPORT ON THE CHILD SAFETY AWARENESS CAMPAIGN  
OF THE HEALING SCHOOL IN 2011

The Child Safety Awareness Campaign has been wonderful; I've learnt and seen children learn how to be safe and to keep others safe. Thank you for bringing such awareness to us and the children. I resolve to do more in my partnership because every day I can see new innovations from the Healing School!

The Child Safety Awareness Campaign is a voluntary, non-profit initiative of the Healing School that affords children, parents and caregivers the opportunity to receive basic education in child safety and how to respond effectively in crisis or emergency situations.

Child safety is a very crucial topic in our world today due to the various hazards that could occur in the lives of our children. Keeping our young ones safe has become increasingly important; a child may be playing, skateboarding or riding a bicycle and suddenly he or she falls down and gets hurt. The child needs to get help. What is he to do, especially if there is no adult nearby? And in cases where there's an adult, what's the adult to do?

The one-day workshops provide interesting and interactive tools for discussion and practices of safety measures. Children and adults alike learn to prevent and deal with a variety of crisis or emergency situations that could occur with our children, at home, at school or on the playground.

The Child Safety Awareness Campaign kicked off in the year 2011 and is facilitated by medical professionals from the Healing School, and medical volunteers in various health and medical vocations. Since its inception, they have trained over 7,000 children and counting!

#### Safety in the Home and Cardiopulmonary Resuscitation (CPR)

During each session, the participants are trained on various safety measures in and around the home such as:

- ? Prevention of slip, bathroom and floor accidents
- ? Adequate lighting in homes
- ? Good house keeping
- ? Prevention of fire outbreak in homes
- ? Handling electrical appliances
- ? Stair safety
- ? Car safety
- ? Toy safety
- ? Proper hand washing
- ? Importance of fire blanket/extinguishers and fire alarms in homes
- ? Personal hygiene

Also, necessary first aid skills, stressing the most practical steps to take when faced with a crisis or an emergency and steps to take to avert immediate danger to an injured person, are taught. A significant part of the training is on cardiopulmonary resuscitation (CPR). Participants are taught the importance and rudiments of CPR, with practical demonstrations for easy grasping.

Beginning with the fundamentals, participants are aptly taught basic first aid of how to quickly revivify an injured person and put such a person in a recovery position before a medical team arrives, or before the victim is taken to the hospital. There are practical demonstration sessions of CPR and the participants are eager to learn as they practice the procedure on one another.

#### What participants had to say

Children and adults in attendance at training sessions were very excited, and expressed their delight at being empowered by what they had learnt.

The Child Safety Awareness Campaign has been wonderful; I've learnt and seen children learn how to be safe and to keep others safe. Thank you for bringing such awareness to us and the children. I resolve to do more in my partnership because every day I can see new innovations from the Healing School!

- Ese Imagbe

I am a doctor and a parent, and I sincerely thank the Healing School for organizing this programme. It was very educative and instructive. I was excited as I watched the children practicing CPR and learning what to do in case of an emergency. It has prepared the children and family to handle basic medical emergencies rightly; and the impact of it is that people now have a basic knowledge of what to do at a particular time in a particular situation. I will be more involved because I can see the commitment and passion of the Healing School in driving this vision!

- Dr. Essien Ekere

I learnt how to carry out first aid, and how to take care of people when there is an emergency. I also learnt how to give a helping hand when people are injured or in trouble. Thank you Healing School!

- Ihuoma Nicole Angel

#### Making more impact in 2012!

Since the launch of the Child Safety Awareness campaign in 2011, a great deal has been accomplished - from helping children understand the importance of safety to imparting them with the knowledge and skills required to effect changes.

By working together with children and their families in their schools and neighborhoods, the Healing School is making a difference. Efforts are underway to expand our reach as we work to ensure that more families, churches, institutions and communities are reached in the year 2012.

## A NEW REALM OF Glory

Ministers of the gospel who come to the Healing School to attend the Group Visits Programme are always impacted by the Word and Spirit of God in profound ways. So it was for the group of 18 ministers from Europe, who came to the Healing School Group Visits Programme in Johannesburg, South Africa in October 2011.

The group, comprising of ministers from Switzerland, Germany, Bulgaria and Yemen, was led by Pastor Erika Von Kanel from Switzerland. They came with the expectation that they would receive an impartation from the man of God, Pastor Chris, which would impact their lives and ministries forever!

*"I am eager to see the miracles taking place with my own eyes, to listen to the teaching of Pastor Chris and to receive the anointing for my life and ministry",* Trond Hansen from International Christian Fellowship, shared shortly after their arrival.

*Christa Luthi, from Passion for Christ Church in Germany, also shared her expectations as she stated, "I need a deep revelation about 'Christ in me'. I*

*want to get everything that God has prepared for me. I want to start loving the Word of God more. I want to become a 'friend of people', full of love for them."*

The healing service with the man of God, Pastor Chris, to which they'd been specially invited, was an opportunity for them to witness the demonstration of God's awesome healing power. In attendance at the service were hundreds of people from different parts of the world; all with faith for a miracle and a change in their circumstances.

As the service peaked, they watched with amazement and thanksgiving as seemingly hopeless situations were reversed by the power of God, as the man of God ministered to each person on the healing line.

The experience for many of them was beyond anything they'd ever known. *"What I experienced at the Healing School cannot be described with words alone. The simplicity of power upon the man of God and the anointing he carries is quite overwhelming!"* Armin Schmid from Switzerland narrated.

The ministers spent a significant part of their sojourn receiving insightful teachings from God's Word. In these special meetings, the man of God taught them many fundamental truths in God's Word.

One of such teachings was on the topic, "Fellowshipping with the Holy Spirit". Drawing references from the 14<sup>th</sup> chapter of Saint John's Gospel, he introduced them to the person of the Holy Spirit and His impact in their lives.

It was indeed a deep and insightful teaching that stirred the ministers! Sharing on this awesome experience, Trond testified, *"Pastor Chris gave a very inspiring teaching on John 14; no one teaches us better about the Holy Spirit than Jesus Himself. This teaching gave me a strong desire to live in the Word, and to apply the Word to my own circumstances."*

At the close of the meeting, clearly still overwhelmed by the anointing, Christa testified, *"What I learnt from the meeting has made me more active about the Gospel. Everyone needs to hear this and I can't wait to influence my world for Christ!"*

In just under a week, these ministers of God were tremendously blessed by the ministry of the man of God, Pastor Chris, at the Healing School. It was an unforgettable time that transported them to a new realm of glory! The Lord had touched their lives in a special way, and surely they'd never be the same again. *They were filled with great anticipation to touch their world for the Lord Jesus like they had never done before!*

For more information on this special program, please logon to [www.enterthehealingschool.org/groupvisit](http://www.enterthehealingschool.org/groupvisit)

*"I expected more and I got more, more than I expected wow! The man of God, Pastor Chris was so loaded. He revealed to us much wisdom in the Word of God. Thank you Pastor Chris!"* Michael Ritzmann from Switzerland enthused.

The impartation service, a meeting that was the climax of their visit, was nothing short of phenomenal! The man of God ministered the power of God to them, touching their lives in a most special way. One after the other, he imparted the anointing with great urgency and power to each of them.

# my partnership & me

It's really a privilege to be a partner with the Healing School; it's about changing lives, restoring hope and taking God's divine healing to the nations of the world. This worldwide reach and impact on individuals, families and nations inspires me always to partner.

My partnership with the Healing School is my life and health insurance. As a partner with the Healing School, I don't get sick; neither do I visit doctors. Rather, I live daily in perfect health. My family members also enjoy and live in divine health! I'm thankful to God for the awesome platform that the Healing School partnership presents, because I connect to divine health through my partnership seed!

I want to thank the man of God, Pastor Chris, for the special opportunity to be a part of the Healing School. When I see the awesome miracles at the healing services, I ask myself, *"How much can one give for his or her healing; how much can one pay for his or her miracle?"*

Seeing the sick get healed was enough inspiration for me to become a partner. Being a part of God's grace working in other people's lives, healing the sick is a great inspiration. Not only am I inspired to partner and do much more, I'm also inspired to encourage more people to become Healing School partners. I make them see the benefits of partnership with the Healing School – bringing healing, grace, comfort and uplifting others.

When people come to the Healing School, they get more than divine healing. They take the grace and healing anointing to their homes and through them, God's healing power is manifested in their world. To every partner out there, I say kudos to you! There's nothing better than being involved with God's work at the Healing School! Thank you for making all these possible. If you have not been an outstretched arm, many would still be in their wheelchairs or on their sick beds; instead, they have risen from their debilitating conditions because you chose to help better their lives through your partnership!

**Deacon Hyacinth Oseji**  
Port Harcourt, Nigeria

I'm happy to be part of the work the Healing School is doing the world over. The Healing School is producing great results, and I'm constantly stirred to do more. Whenever there's a healing session, the miracles are marvellous and I thank God that I'm a partner with the Healing School!

My life has been turned around for good, and I've benefitted greatly in my finances, health and everything else that concerns me. God has opened doors of opportunity for me through my partnership with the Healing School, opportunities I wouldn't have had ordinarily.

Partnership with the Healing School is a great investment of eternal value: people who have lost all hope come to the Healing School and are restored to health! You become a life-giver!

In 1987, I was diagnosed with a severe case of duodenal ulceration; a disease in the upper abdominal region of my body. For the next ten years, this condition kept me in pain practically every day of my life. Although I was taking different anti-inflammatory medications, it was all to no avail.

In 1997, I got to know of the ministry of the man of God, Pastor Chris Oyakhilome and the Healing School. By consistently speaking God's Word and acting my faith, I received my healing and stopped taking medications. I remain healed till date! I became a committed partner of the Healing School, knowing the impact and benefits of living continuously in divine health.

I'm always excited about sharing my testimony because it inspires faith in others, especially members of the Churches that I pastor. Also, I encourage the members to partner with the Healing School, and many of them are now Healing School partners. They have experienced awesome miracles and healing; they have received the impartation of the healing anointing, as well as countless testimonies of God's blessings emanating from their partnership with the Healing School!

The brethren are fully committed to the vision of the Healing School in taking healing to the nations of the world. The benefit of partnering with the Healing School has given the Church members and I the opportunity to attend many great healing sessions, both in Nigeria and South Africa. I express my heartfelt gratitude to the man of God, Reverend Chris Oyakhilome, for giving me the opportunity to positively impact my world through the Healing School!

## *My* **PRAYER** *for YOU*

The hands of God rest upon you continually, strengthening you and propelling you from glory to glory. The light of God shines on you, through you and for you; and continually lights your path in life. You'll always live in health and walk in the glory of God. No weapon fashioned against you shall prosper; no evil shall befall you; no plague shall come near your dwelling place. On your path there is no death and the glory of God is mightily evident in your family and your home. The grace of God is upon you and everywhere you go, you are honoured and blessed in the mighty Name of the Lord Jesus Christ.

# GET RID *of* BODY ODOUR

Bad body odour can be described as an unpleasant smell which results from the break down of sweat into aromatic fatty acids by bacteria on the skin. Contrary to a general opinion, sweat itself does not smell but serves as a very conducive culture for the bacteria that lives on the skin which breaks down sweat into fatty acid characterized by an unpleasant smell.

## Causes of bad body odour

? General poor body hygiene such as irregular proper body cleaning especially at the feet, groin, armpits, genitals, pubic hair and other hair, belly button, anus, behind the ears, and to some (lesser) extent on the rest of the skin are major predisposing factors to bad body odour.

? Medical conditions such as obesity, thyroid disease, carcinoid syndrome, uncontrolled diabetes (ketoacidosis), gastrointestinal problems, urinary tract infections, zinc deficiency, metabolic disorder can also cause body odour.

? Diet, consumption of much spicy food containing the likes of garlic, ginger, raw onions etc if not well controlled can lead to bad body odour.

## Remedies to bad body odour

? Shower at least twice daily with soap and bathing sponge (especially for people living in the tropics);

paying special attention to your armpits, groin and feet where there are many sweat producing glands, this will reduce sweat and the number of bacteria acting on it.

? Clean shave of hairy areas like the armpit, pubic hairs can help reduce the surface area for sweat to adhere to and fertile breeding ground for bacteria.

? Regular change and thorough washing of clothing that come into contact with sweaty areas such as socks, underwear and shirts. Sweaty clothes can serve as breeding ground for bacteria and fungi.

? Good antibacterial/antiseptic bathing soaps can help reduce the effect of the sweat converting bacteria which causes bad body odour.

? Regular use of antiperspirants and roll-ons can help reduce the amount of sweat your body produces while adding pleasant fragrance to your appearance.

? Drinking plenty of water will help ensure that you smell fresh and sweet.

Get rid of that bad body odour which can make you a social outcast, preventing you from ascending that career ladder. When you do, the right atmosphere will be created for God's blessings to take lasting root in your life.

# FEEDBACK

## JESUS THE SAME, NOW AND FOREVER!

I get so inspired when I read countless testimonies of those who had visited the Healing School. It's indeed a privilege to see these kinds of miracles; they are a fulfillment of scripture that Jesus Christ is the same yesterday, today and forever! I couldn't help but cry when I saw a young lady rise up from the wheel chair. I thank God for all the Healing School partners. Your seeds are doing great things in the Kingdom of God! Keep it up and may God increase you every day!

## ANOINTING TO HEAL!

God bless you Pastor Chris for accepting the call of God! My faith has really increased by reading the articles in the magazine. In fact, I have received the impartation of the healing anointing, and God is really using me in the ministry of healing. Now I can lay my hands on the sick and they receive their healing, because the gift of healing and working of miracles are operating through me. Praise God!

## CONFESSIONS

I have the very life of God in every fiber of my being; in all the cells, tissues and organs of my whole system. I live in the light of the victory which Christ wrought for me at the Cross of Calvary!

Dear Father, I thank You for Your Word. I declare that Your Word is working in me on a daily basis. I am born of God's Word, therefore my life is an expression of the Word of God.

I refuse to accommodate any negative, contrary word that exalts itself against the knowledge of the Word of God. I have the mindset of the Word and this mindset dominates my life.

I am growing in grace and abounding in favour. I declare that all things are working for my good in the Name of Jesus Christ. I am a success everyday of my life!

My health is flourishing on a daily basis because the healing power of Jesus Christ continually works in me. I do not get sick; no infirmity can thrive in my body because the Greater One lives in me. I declare that I reign in life over every circumstance and situation that comes my way, because I have been made an overcomer in this life. Hallelujah!

My life is for the glory of God. I declare that Christ dwells in me by faith, therefore no devil of infirmity has any right over my body. I do not have any facility to accommodate disease in my body; therefore, I live in absolute divine health and above all the corrupting influences of the world.

I have the very life of God in every fiber of my being; in all the cells, tissues and organs of my whole system. I live in the light of the victory which Christ wrought for me at the Cross of Calvary!

I am fortified by the Word of God; I am what the Word of God says I am, I can do what the Word of God says I can do, I have what the Word of God says I have. I am born of God's Word, I am a product of God's Word, and the Word of God is working mightily in me!
